Seattle, WA 98134

March 12, 2007

Dear Long Beach Property Owner:

Your property located at 1467 Pacific Coast Hwy. has been chosen as eligible for the freshly instituted Façade Improvement Program. If you accept this invitation, the Long Beach Redevelopment Agency will pay 75% of the costs associated with the revitalization of the property's façade (such as awnings, paint, landscaping, etc.) with you incurring only 25% of those costs.

The Westside Project Area Committee was asked which properties we feel are most deserving of this program's benefits and yours is one of those chosen few. Soon, the Redevelopment Agency will be sending you a letter asking if you wish to participate in this program. I want to assure you that the Westside PAC is in favor of this project and encourages the revitalization of the Westside one hundred percent. We hope that when approached, you seize the opportunity and are confident doing so, knowing the WPAC supports the endeavor.

If you have any questions regarding this program or WestPAC's position on it, please feel free to call me. I can be reached at 432.0001. Also, to learn more about other programs as well as what's being done to address neighborhood concerns such as blight and illegal truck parking, you are more than welcome to attend any of the WPAC General Meetings. Our meetings are held on the second Wednesday of every month at the West Division Sub-station located at 1835 Santa Fe Ave. at 5:00 P.M.

Sincerely,

Tony Rivera/Chair, Westside Project Area Committee
