Dear President Townsend,

At our March 9 General Meeting, the WPAC voted unanimously to support the MIG's opposition of Project Achieve's proposed reduction in security. We share your concern that any such reduction would put the neighborhood (and surrounding neighborhoods) at additional risk, and whole-heartedly agree with you that the CUP should be honored as established.

The MIG has always been a good neighbor, and anything we can do to help you in your efforts to keep this CUP from being modified to reduce any safety measured, we will.

Best regards,

Tony Rivera, Chairman
Westside Project Area Committee
